For over 50 years, we've been helping individuals and families in Western North Carolina build brighter financial futures. Here's a sneak peek of our 2026 programming, where our team continues to work above and beyond to support WNC, alongside our core services of financial education and counseling.

Credit Awareness Day

Credit Awareness Day is a meaningful opportunity for members of our community to reconnect with their credit journey—whether they're building credit for the first time or getting back *on track*. 📅

With the guidance of our Financial Counselors, participants gain a clear understanding of where they stand and confidently explore their next steps toward stronger financial health.

Ladies Night

Ladies Night is an engaging, after-hours credit awareness event created especially for the women in our community.

With an evening schedule, great food, family-friendly activities, and a warm and welcoming environment, we're removing common barriers and making financial education accessible, comfortable, and even fun. ❤️

Secure Matched Savings

The Secure Matched Savings Program represents a meaningful investment in long-term financial resilience. 🌱

Participants build savings from the ground up with support from our workshops and counselors. They earn a \$4 match for every \$1 saved toward a overall \$1050 goal.

This approach offers accountability, support, and visible progress.

Homebuyer Education

As OnTrack continues to support Western North Carolina in the aftermath of Hurricane Helene, 2026 marks the return of our trusted in-person Homebuyer Class.

This all-day interactive session provides a shame-free supportive space for homebuyers to ask questions and build community with one another. 🏠

I want to fund the future!
